Struggle to get started in prayer and staying there?Von Daphne HawkAbsolutely, one of the top books I have ever read. Totally changed my perspective of prayer, thus changing my entire life. Easy to read, but amazingly profound. If you want to

really know God, and move past an acquaintance relationship, this is the book to help.0 von 0 Kunden fanden die folgende Rezension hilfreich. Wonderful truthVon Melvyn LeeAll I can say is that this book is a timely birth. As creatures prone to mistakes, we can deliberately concoct a lot of undeserving scenes and excuses as to why God delays answers. However Alice does a simple and wonderful work by uprooting those types of false perceptions and ideologies and planting in us powerful truth.This book is written because perhaps many of us are still lingering in the outer court. God Himself desires we come boldly before Him. The path towards His secret chamber requires only a step of simplicity and faith-filled attitude. Alice Smith is a saving rope from God to answer that cry of our heart in understanding the way to reach Him.With joy elating testimonies, Alice has proven to us that the sincere cry of our heart can arrest the attention of God to change the prosaic condition of life. Even when we are inert because of pressure in life, rest assured God can also raise His own to pray on our behalf. This special group of people is called intercessors. By analogy, intercessors are liken the conscious and expressive voice of individuals, groups, races and nations who are lost in words, expression, identification or standing before God. Naturally this book is written from the window of an intercessor's view.In the area of personal prayer, the practicality and step-by-step instructions is easily tantamount to a manual. I felt that Alice needs to tackle the subject of personal prayer because she knows very well that our prayer life can be infiltrated by the minute and trivial irritations that surrounds us. In personal prayer, we need to collapse our commitment into an intimate level with our Maker. Intimacy requires us to unwind in a place of quietness. i appreciate Alice's down to earth approach in giving good tips to keep ourselves free from the "noise" level that can easily distract our prayer life.If you understand the intention of "Beyond the Veil", you'll soon realize that Alice is one of those rare ones who has learnt to read the heart of God accurately. As she understands the language of prayer, this book can teach you to be closer to God without shame or guilt.0 von 0 Kunden fanden die folgende Rezension hilfreich.
