Von Gary Walton : Beyond Winning (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Beyond Winning (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Summarizes the philosophies of outstanding coachesVon Ein KundeGreat for young coaches and high school coaches. It will provide the coach with a framework of the importance of athletics and the role they play in later life development. It is not about "winning" alone ... but about the intangibles that accompany the process of winning. Great

historical coaches are examined and insight is given into what they truly believed was important. A must for young coaches ... many life lessons are provided.

Kurzbeschreibung Beyond Winning provides true insight into the lives of some of our greatest coaches, revealing them not simply as masters of their sport, but as champions of wisdom and understanding as well. Gary Walton's selection and portrayal of Vince Lombardi, Woody Hayes, John Wooden, James "Doc" Counsilman, Brutus Hamilton, and Percy Cerutti has legitimized a new term in athletics: the philosopher coach. Here are six of the most successful personalities who made a lasting impact, not only in the world of sports, but also in the fields of teaching, psychology, planning, and organization. Each one would have been at home in the company of ancient sages and modern day leaders and scholars. Kurzbeschreibung Beyond Winning provides true insight into the lives of some of our greatest coaches, revealing them not simply as masters of their sport, but as champions of wisdom and understanding as well. Gary Walton's selection and portrayal of Vince Lombardi, Woody Hayes, John Wooden, James "Doc" Counsilman, Brutus Hamilton, and Percy Cerutti has legitimized a new term in athletics: the philosopher coach. Here are six of the most successful personalities who made a lasting impact, not only in the world of sports, but also in the fields of teaching, psychology, planning, and organization. Each one would have been at home in the company of ancient sages and modern day leaders and scholars. Synopsis In "Beyond Winning", Gary Walton reveals the thoughts and teachings that made six coaches successful in sport. Readers get an intimate look at how each of these philosopher coaches followed a different path in his pursuit of excellence - Vince Lombardi, Woody Hayes, John Wooden, James "Doc" Counsilman, Brutus Hamilton, and Percy Cerutti. Walton devotes a chapter to each of these coaches and focuses on their ability to manage and motivate winning teams. While he notes the coaches' win / loss records and contributions to technical advances in their sports, he stresses their more significant contributions as educators and as role models.
