Von Alyssa Satin Capucilli : Biscuit Finds a Friend (My First I Can Read) before purchasing it in order to gage whether or not it would be worth my time, and all praised Biscuit Finds a Friend (My First I Can Read):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Perfect book for beginning readersVon Ein KundeThe Biscuit books have been the greatest motivator for my daughter who has been struggling with learning to read. The text is good for an emergent reader who is just beginning to learn sight words and phonics. The illustrations of Biscuit are delightful. These are wonderful books. I only wish I could get a series of them in paperback, quick, to keep her reading!0 von 0 Kunden fanden die folgende Rezension hilfreich.

Motivation that moves young beginning readers! Von Ein Kunde My 3 yr old son has simply fallen in love with Biscuit. We look forward to bedtime reading each night as we go through Biscuit's day which is full of adventures. The book is interactive in the way that it asks questions which gives the children a chance to be creative with their own adventure. We look forward to growing with Biscuit!

Kurzbeschreibung In this second book about Biscuit, the adorable puppy meets and becomes friends with a duckling.
