Von Osamu Tezuka : Black Jack, Volume 6 before purchasing it in order to gage whether or not it would be worth my time, and all praised Black Jack, Volume 6:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Letzter Band der amerikanischen GesamtausgabeVon Jo84Osamu Tezuka(1928-1989),in seiner Heimat Japan "Gott der Mangas" genannt,war der einflureichste Comiczeichner seines Landes mit einem unglaublichen Lebenswerk von (je nach Quelle) 170.000 Comicseiten oder mehr. Dabei schuf er unvergngliche Klassiker wie Kimba der weie Lwe oder Astro Boy. Seine in Japan beliebteste Figur (und meine brigens auch) ist "Black Jack",ein Chirurg ohne Zulassung,der im Underground agiert und horrende Summen fr seine Dienste beansprucht.Der amerikanische Verlag Vertical Productions ehrte den Klassiker,dessen in sich abgeschlossene Kurzgeschichten zwischen 1973 und 1982 in japanischen Magazinen publiziert wurden,mit einer 17-bndigen Gesamtausgabe,deren letzter Band hiermit vorliegt.

Dieser enthält etwas über 250 Comicseiten mit 11 Geschichten und einen ausführlichen Anhang, in dem auf die Art der Publikation eingegangen wird und genau aufgelistet ist, welcher Comic wo zuerst gedruckt wurde und in welchem Band er sich befindet. Nicht alle Stories wurden gedruckt, aber fast alle. Manche Stories waren nicht spezifisch und allgemein verständlich genug und wurden weggelassen. Schade, aber man soll aufhören, wenns am schönsten ist. Jedenfalls ist "Black Jack" einer der besten Comics weltweit überhaupt und ein unvergänglicher Klassiker, der hierzulande leider nur eingefleischten Fans (oder wenigen Anime-Anhängern) bekannt ist. Ich werde weiter bei kaufen und auch weiter empfehlen! Gru Bruno H. Bauer

Kurzbeschreibung Black Jack is a mysterious and charismatic young genius surgeon who travels the world performing amazing and impossible medical feats. Though a trained physician, he refuses to accept a medical license due to his hatred and mistrust of the medical community's hypocrisy and corruption. This leads Black Jack to occasional run-ins with the authorities, as well as from gangsters and criminals who approach him for illegal operations. Black Jack charges exorbitant fees for his services, the proceeds from which he uses to fund environmental projects and to aid victims of crime and corrupt capitalists. But because Black Jack keeps his true motives secret, his ethics are perceived as questionable and he is considered a selfish, uncaring devil. The Black Jack series is told in short stories. Each volume will contain 16-20 stories, each running approximately 20-24 pages in length.

Pressestimmen PRAISE FOR OSAMU TEZUKA'S BLACK JACK: Black Jack is a dramatic, nearly Byronic figure. With genre-spanning stories of horror, sci-fi, romance and Tezuka's signature blend of drama, bathos and extreme broad comedy jammed together on every page, Black Jack is a wild but extravagantly entertaining ride that's far more accessible than the author's novel-length epics. Publishers Weekly (starred review) Black Jack, the tortured renegade surgeon who operates on the desperately needy (and, on occasion, himself) makes TV's Dr. House look like Mary Poppins. Los Angeles Times The stories are a unique mix of an Isaac Bashevis Singer morality tale, and outstanding creative medicine. Though Black Jack is aimed at a young audience, it has maturity not found in adult works. It's a piece of comic art that excels in form, and message. Aint It Cool News While Astro Boy is more iconic and Phoenix is more epic in scope, Black Jack is arguably Tezuka's best and most enjoyable work. [It] hits Tezuka's sweet spot where his heart, his head and his sense of humor meet in perfect company. About.com Surely there's nothing in this series more continually striking than the artist's relentless, guaranteed depictions of surgery itself, happy rubber skin always peeled away to show realistic meat and bone, minutely detailed organs mended or transplanted, then covered up again in the stuff of effortless napkin doodles. I found even the least of [these stories] fascinating examples of an artist casting his net especially far, secure in his talented hands and firm in his fame, ready to confront any malady, striving to cut away any harm, instrument tips sharp for making flesh whole. Jog The Blog Iconic doesn't begin to sum up Black Jack's importance in the world of manga. I see a lot of Tezuka fans reaching for their wallets not just for this volume alone, but for the whole of Black Jack as it's finally being re-released in the English-language edition it has always deserved. It was, and will be, more than worth the wait. Platinum Award. Advanced Media Network Great material classic crazy Tezuka with a bloody medical heartbeat tuning out the sound of man's inhumanity to man. Newsrama Totally fun, totally engrossing. Black Jack is a page-turner of the highest order, and I blew through 280+ pages and I'm hungry for more. Comics212.net To match the beautiful outside, Camellia Nieh did a fantastic job with the translation. The entire book was a fantastic read cover-to-cover that I refused to put down. Whether you're just getting into manga, or have been a fan for decades, it would be a shame not to own this seminal title.
