Almost a bit too much on female orgasms for my taste, but interesting nonetheless. The book is generally about sexual arousal in men women and not really so much about various types, variations etc of sex. By the way, especially for heterosexual men, instead of buying one of those "how to be perfect in bed" books, "Bonk" might for some be a better choice instead, as you'll probably learn more it

will actually be a good read without too much page filling nonsense.0 von 0 Kunden fanden die folgende Rezension hilfreich. Typisches Roach-Buch - ungewöhnliches Thema, witzig präsentiert! Von Peer Sylvester Bei Bonk geht es um Sex, aber eigentlich eher um die Wissenschaftler, die Sex erforschen: Was erforschen die? Wie tun sie es? (das Erforschen meine ich jetzt) Das ist interessant, aber bei einem solchen Thema ist man beim Lesen natürlich auch immer ein wenig pikiert (Und wenn man das Buch im Bus liest, hofft man, das nicht gerade jemand mitliest) - Roach versucht das mit ihrem blichen Witz und ihrer etwas selbstironischen und locker-leichten Tonfall abzumildern und das gelingt. Aber natürlich nicht vollständig. Lustig auch, dass Roach selbst an einigen Untersuchungen teilgenommen hat und über ihre Erfahrungen berichtet. Ein großer Teil des Buches beschäftigt sich mit den Untersuchungen zum weiblichen Orgasmus und zur Impotenz - einfach, weil das auch die Themengebiete sind, auf denen geforscht wird (Ein Problem der Sexualforschung ist eben ihr Stigma und so sind Untersuchungen auf praktische Felder beschränkt). Das macht aber nichts, das Buch ist lehrreich und witzig. Wenn man nicht zu leicht pikiert ist...1 von 1 Kunden fanden die folgende Rezension hilfreich. The story of bonk! Von Christoph Puppe Wonderful read! It's not only informative, but great fun. Anecdotes galore. From the pigs that are made to orgasm to improve the outcome to Napoleon's girlfriend, so much detail in such a small volume. Never ever short of funny stories to tell after reading it :) If you care about sex, orgasm and reproduction: a must read!

Kurzbeschreibung A New York Times Bestseller Rich in dexterous innuendo, laugh-out-loud humor and illuminating fact. Its compulsively readable. Los Angeles Times Book In ?Bonk, ?the best-selling author of *Stiff* turns her outrageous curiosity and insight on the most alluring scientific subject of all: sex. Can a person think herself to orgasm? Why doesn't Viagra help women-or, for that matter, pandas? Can a dead man get an erection? Is vaginal orgasm a myth? Mary Roach shows us how and why sexual arousal and orgasm-two of the most complex, delightful, and amazing scientific phenomena on earth-can be so hard to achieve and what science is doing to make the bedroom a more satisfying place. From Publishers Weekly Roach's glimpse into the inner workings of sex, be it the orgasm, erection or even the use of Viagra on animals, is a refreshing and fascinating study. Sandra Burr offers a straightforward, unfiltered reading that captures Roach's sense of humor perfectly. Taking the taboo out of the touchy subject matter and giving listeners an entertaining, unbiased look at sexual intercourse, Burr offers an everyday approach to the hot topic that will appeal to a wide ranging audience. Pressestimmen In this terrifically witty, hugely engaging study of the way we love, Mary Roach does meet some real oddballs, and on almost every page she tells you something to make you gasp aloud or snort with laughter -- Toby Clements * *Telegraph* * Roach certainly gets full marks for unflinching commitment to the job in hand ... Bonk contains everything you ever wanted to know about the science of sex but were too afraid to ask. -- PD Smith * *Saturday Guardian* * Roach puts her quick wit to good service in this entertaining romp through sex research. Her unshockability is contagious, and ultimately reassuring. -- Gail Vines * *Independent* * When Mary Roach is seized by a subject, there is no stopping her: she is full-on, hands-on, and her lab coat is unbuttoned. -- Iain Finlayson * *The Times* * Eye-opening ... compelling stuff. -- Tom Boncza Tomaszewski * *Independent on Sunday* * A bold, tenacious and insatiable reporter, Roach ... could make an earthworm evisceration riveting and a hemispherectomy seem downright jolly. * *Scotsman* * Bonkers, but brilliant. * *Easy Living* * The pithiest, wittiest writer on the subject since Woody Allen * *Saga* * Hair-raising in parts, hilarious in others. -- Katie Law * *Evening Standard* * Roach marries enthusiasm and curiosity with unflagging humour while she intrepidly braves the "lurching tango of academe and popular culture", rising to a passionate and playful, if not wholly penetrating, climax. -- Anita Sethi * *Independent on Sunday* *
