Von Arduin Ward : Boon Dockers: A journey through America one Walmart at a time (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Boon Dockers: A journey through America one Walmart at a time (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Changed my view about AmericaVon HannahI thoroughly enjoyed reading this travel account. It has changed the way I had always thought about America and made it move up on my travel-list. The book is funny and interesting at the same time. Who knew there are albino alligators? I really hope there will be a book about their South America travels as well quite soon!

KurzbeschreibungBoon Dockers is the tale of an epic road trip two adventurous young Aussies embark upon through the 'real' America, one Walmart at a time. Discovering and perfecting the art of 'boon docking' in their mobile home, a 1983 Dodge camper van affectionately known as Rammy, these travellers find out what makes America tick and bump in to characters you won't even find on reality TV.KurzbeschreibungBoon Dockers is the tale of an epic road trip two adventurous young Aussies embark upon through the 'real' America, one Walmart at a time.
