If you are a sailor or not, you will dream thanks to two exceptional Swedish guys. I have read a lot of books on sailing adventures but this one is at the top. Very funny and very human. You will discover a fantastic world and you will want to do exactly the same thing,take a sailing ship and make a

circumnavigation. Congrats and thanks. Skol fr Fan!0 von 0 Kunden fanden die folgende Rezension hilfreich. Okay. Unter anderem.Von Matthias WagenerZwei Herren nehmen sich was vor und machen es dann:Um die 50 und (Elektro-) Handwerklich ausgebildet schaffen sie sich die Voraussetzungen, lernen segeln, ben, kaufen ein Boot und machen sich unterwegs mit Feierfreude und handwerklichem Geschick Freunde.Sie segeln um die Welt.0 von 0 Kunden fanden die folgende Rezension hilfreich. Eines der besten Segelbcher!Von FreakyDas Buch ist sehr lesenswert. Es beschreibt gut und realistisch den Bordalltag und die Faszination wie auch die Herausforderungen des Segeln. Vor allem aber die Bedeutung guter Seemannschaft und die Qualitten des guten Seglers.

KurzbeschreibungWhen you read about someone sailing around the world, its usually a dotcom millionaire or a professional adventurer. Brave or Stupid? tells a very different story. Its an everyman tale about a middle-aged, seasick electrician with no money who suddenly and for no reason decides to sail around the world. Its the story of Yanne Larsson, a man with a dream born not out of a passion for sailing or a search for identity or the need for a challenge. This is the story of a simple handshake. One of the old-fashion iron-clad ones.A casual suggestion over wine with best friend Carl Andersson, turns into one of those ideas that just wont go away. Twenty-four hours later, a handshake decides it. The little details buying a boat, learning to sail and saving up money take five years, but in 2002, the two men leave Helsingborg, Sweden on a three-year voyage that will change them forever. Storms, tropical diseases, drama, love and comedy - their story is an adventure like no other. Brave or Stupid? is a book for anyone who has ever gone beyond what is sensible and realistic to discover a whole new world outside and a whole new person inside. This is a book for anyone who still believes in the power of dreams. And handshakes...KurzbeschreibungWhen you read about someone sailing around the world, its usually a dotcom millionaire or a professional adventurer. Brave or Stupid? tells a very different story.
