KurzbeschreibungFrom the Sunday Times bestselling author comes a true story of two deeply troubled boys both in need of a loving home.This is the sixth title in the series.The Watsons are astonished when they answer their front door to find their case worker with a small boy on the doorstep. Jenson is just nine years old. He was removed from his home thirty minutes earlier when it was discovered his mother had left him at home while she went on holiday with her boyfriend.A couple of weeks later Casey is in for a second shock when she is asked to take a second nine-year-old boy, Georgie. Georgie is autistic and has been in a childrens home since he was a toddler. The home is closing and social services need somewhere temporary for him to stay. With her own grown up son, Kieron, having Aspergers (a mild form of autism), Casey knows this is one child she cannot say no to.The relationship between Jenson and Georgie is difficult from the outset. Jenson is rebellious and full of attitude and he kicks off at anything, constantly winding Georgie up. Georgie doesnt cope well with change and is soon in a permanent state of stress. Despite Caseys best efforts, her innate love for the children is being tested and she begins to question if she can handle Jenson's cruelty.But over time it becomes clear that the boys have formed an unlikely bond. Could this be the solution to all of their troubles?KurzbeschreibungFrom the Sunday Times bestselling author comes a true story of two deeply troubled boys both in need of a loving home.This is the sixth title in the series.The Watsons are astonished when they answer their front door to find their case worker with a small boy on the doorstep.
