Kurzbeschreibung Learn British Sign Language quickly and easily with this essential guide and CD-Rom This lively guide introduces the key hand shapes and gestures you need to communicate in British Sign Language. The illustrations depict both the actions and facial expressions used to sign accurately, while the companion CD-Rom features real-life BSL conversations in action to further your understanding. With these practical tools, you'll become an expert signer in no time! British Sign Language For Dummies includes: Starting to sign learn about Deaf communication and practise simple signs to get you going Learning everyday BSL develop the grammar and vocabulary skills that are the building blocks to using British Sign Language Getting out and about sign with confidence in a wide range of real-life situations, from travelling to dating Looking into Deaf life learn about the history of the Deaf Community and how they've adapted their technology and lifestyles to suit their needs Note: The Kindle edition of this book does not include any CDs or DVDs. Synopsis BSL is the language used by the Deaf Community in the UK and is an officially recognised language in its own right. It has its own grammar and syntax, which are completely different from the grammatical rules of English. "British Sign Language For Dummies" takes you through grammar and sentence structure, and also presents the vocabulary you need to communicate in a wide variety of everyday situations so you can start to sign right away. BSL is a language in its own right which uses signs and facial expressions instead of speech. This title covers starting to sign, everyday BSL, getting out and about and gives the top ten tips to improve your signing skills. This book also teaches the reader about Deaf culture so you can get a complete appreciation of signing in context. It is packed with drawings and comes with an accompanying CD-Rom which shows a series of conversations in progress so you can see signing in action and ensure you perfect your signing skills. This book is written by a team from the faculty of Deaf Education and Learning Support at City Lit, led by Karen Considine. The faculty of Deaf Education and Learning Support provides accredited British Sign Language courses at all levels to both deaf and hearing students.
