InteressantVon BreconNett geschrieben, gut gefllt mir wie der Autor immer wieder den Zwiespalt beschreibt, in dem er sich befindet. Nachvollziehbar und zum Schmunzel seine Fuprobleme und deren Lsung. Kurzbeschreibung During the summer of 1998, Peter Mortimer set off on the 500-mile journey from Plymouth to Edinburgh, accompanied only by his King Charles spaniel. He took no money and had no transport or pre-arranged accommodation. Bereft of the basics necessary for human existence, such as food and shelter, he was dependent for his survival on his own wits, the generosity of others and good fortune. **Werbetext** One man's penniless odyssey across Britain. **Kurzbeschreibung** During the summer of 1998, Peter Mortimer set off on the 500-mile journey from Plymouth to Edinburgh, accompanied only by his King Charles spaniel.
