Von SuEllen Fried, Paula Fried : Bullies Victims: Helping Your Children through the Schoolyard Battlefield before purchasing it in order to gage whether or not it would be worth my time, and all praised Bullies Victims: Helping Your Children through the Schoolyard Battlefield:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Bullies and Victims is invaluable to school counselors.Von Ein KundeBullies and Victims made crossing a playground more difficult. I now see the bullies and victims that had always been there. It is impossible to ignore them now. More

importantly, *Bullies and Victims* has provided me with the tools to address this complicated problem. When I finished reading it I shared it with my family, administrators, teachers, and most importantly, other school counselors. Not only has it helped me better help my students, I realize that we all have a responsibility as witnesses in our schools and in our communities to help our children. 0 von 0 Kunden fanden die folgende Rezension hilfreich. This book takes on school bullying with power and answers. Von Ein Kunde *Bullies Victims* is powerful testimony and documentation of how bullying in the school maims and damages both the victim and the bully. The all-too-frequent ability of one's peers to mete out cruelty and abuse is painful to read but necessary to face. The authors show how the long-term effects of these destructive conflicts have grave consequences for schools, families and society. But this fine book does not just describe the abuse and then simply wring its hands. The authors have practical and creative solutions and interventions which should galvanize schools, teachers, parents and everyone to action: a crash program to eliminate bullying from our schools so that our children are free of fear and free to flourish. 0 von 1 Kunden fanden die folgende Rezension hilfreich. Fabulous book for every parent, educator, and child. Von Ein Kunde Deserves a ten star rating. Every parent and educator must read this piece of literature. She is on target about the problem in American Schools. *Bullies and Victims* should be on the required list at every learning institution from college to daycare. Read to learn how to change your 1-100 year old for life. A real eye-opener. Denise Caresio Reading Specialist Middle School Teacher

Kurzbeschreibung *Bullies Victims* explores the context of teasing and the power of relationships between children, as well as the roles of adults, schools, the media, and society at large. **Kurzbeschreibung** *Bullies Victims* explores the context of teasing and the power of relationships between children, as well as the roles of adults, schools, the media, and society at large. **Synopsis** Explores teasing and the power relationships among children, and examines the impact of adults, schools, the media, and society on bullies and victims in the schoolyard.
