Kurzbeschreibung  
Each person's life is a grand sum of a thousand tales, told and untold, with its uphill and downhill and with its bleakness and magnificence. Here, Joseph is narrating his own life experiences with staggering honesty and you feel that you are a part of the plot. They speak to us about love, remembrance, mistakes and hope that motivate us to re-examine our lives and find meaning in it. With the turn of each page, the author gives off a sensation that no matter how dark dusk is, dawn is always waiting at the end of the horizon. However, his writing will captivate you till the end and force you to bring back the memories you have buried alive under the slab called "Life."
