Kurzbeschreibung stunning images of the women of the burlesque stage are gathered together in one great volume. In period photographs the timeless beauty of those exotic women who titillated, teased, and sometimes tortured their audiences is captured and celebrated. These memorable images make it clear that, when it comes to a beautiful body and a gorgeous face, tastes change very little. And just as in the past, the imagination is encouraged to run wild and ponder what might have been. This is a book to relax with and enjoy over and over again. Its rich, nostalgic view of a bygone era in American entertainment will please everyone, men and women alike. A "revealing" piece of Americana!
