**Von D.B. Rouse : Busker (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Busker (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. not bad at allVon Customerlike the story and how it was written. the subject was some what of an adventure for me as it is out of my reality so that gave a very interesting angle for me to explore. I liked the characters and how they interacted and

the philosophy of this traveling musician. good read.

Kurzbeschreibung Tales of a dirty broke musician playing music in your bars and hometowns. Tales of living in a mini-van and working in salmon processing plants. Tales of harvesting blueberries and living on a cruise ship. Based on true stories directly from the road into your hands. Book soundtrack available at:
