Von Burt Reynolds : But Enough About Me before purchasing it in order to gage whether or not it would be worth my time, and all praised But Enough About Me:

Kurzbeschreibung In But Enough About Me, legendary film actor and Hollywood superstar Burt Reynolds recalls the people who shaped his life and career, for better or for worse. From Robert Altman, Cary Grant, Clint Eastwood and Robert Mitchum to Bette Davis, Marlon Brando, Woody Allen and Kirsty Alley, Burt pays homage to those he loves and respected, acknowledges those who've stayed loyal, and calls out the assholes he can't forgive. Recalling his life and career spanning over 50 glorious years, the legendary actor gives special attention to the two great loves of his life, Dinah Shore and Sally Field, his son, Quinton, as well as to the countless people who got in his way on his journey to Hollywood domination. With chapters on his early childhood, how he discovered acting, played poker with Frank Sinatra, received directing advice from Orson Welles, his golden years in Hollywood, his comeback in the late 1990s, and how his life and art led him to found the Burt Reynolds Institute for Film and Theatre, *But Enough About Me* is a gripping and eye-opening story of one of cinema's true greats.

Pressestimmen The literary equivalent of finding oneself at a cocktail party with the guy who tells the best stories.... Its juicy, but not salacious, gracious without being cloying and ultimately impresses.... such a joy to read. Palm Beach Post [W]ildly entertaining... Highlights and lowlights from his colorful past include playing football at Florida State, romances (Loni Anderson, Sally Field), debilitating health problems and a bankruptcy. The Hollywood Reporter Throughout this often-surprising life story capably coauthored by veteran showbiz writer Winokur Reynolds reveals himself to be more thoughtful and introspective than his public image might suggest. Booklist Thoroughly engrossing. A.V. Club Refreshingly honest. AARP Magazine Freewheeling. Newsday Charming, self-deprecating.
