Von Donny Cates : Buzzkill before purchasing it in order to gauge whether or not it would be worth my time, and all praised Buzzkill:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. This book is a gem. Von Boris My name is Ruben, and I have a problem. The man who says this to the group he has joined recently is not your average anonymous alcoholic. When Ruben consumes booze, drugs or other addicting substances he gains super powers. And he loses control. This costs him everything similar to a normal life, most of his friends and

the woman he loves. When he tries to get away from his addiction all his enemies join to get him down. But there is a group of super heroes too, a blend of the Avengers and the Justice League with interesting characterizations from a bigot Superman figure to an odd magician named Doctor Blaqk. Newcomer Donny Cates here finds a balance between seriousness, parody, dark humor and just outraging bizarre fantasy that is unprecedented. The story Cates tells is a story of tragedy and redemption. But HOW he tells this story is just a stroke of genius. The art of Geoff Shaw perfectly complements the writing, all in all this is very promising and catapults Dark Horse to the top of my solicitation curiosity list. This collection includes #1 to 4 of the eponymous limited series. The good news is: There is a follow up in the form of the new series The Paybacks that will be collected soon. Recommendation!
