Von Robert Byrne : Byrne's Treasury of Trick Shots in Pool and Billiards before purchasing it in order to gauge whether or not it would be worth my time, and all praised Byrne's Treasury of Trick Shots in Pool and Billiards:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Good Luck...Von Ein KundeThe book is interesting, but I tried a number of the supposedly "easy" trick shots.. They're not easy and I'm a fairly decent shot (play in leagues etc..). I'm sure with consistent practice, you could actually make 1 or 2 of these shots, but even then they would be "low percentage" shots. The placement of the balls must be perfect and no text can tell where to place these balls with the kind of precision you'll need to make these shots. Just don't expect to buy this book and be making trick shots the next day.. - You'll be disappointed. Even so, it's fun just to see these

shots diagramed and the historical facts/anecdotes are interesting. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Best trick shot book available Von Ein Kunde This book has nearly every trick shot around. Also included are references for many of the shots to let you know where they came from. This is one of the ten essential books for any student of cue games.

Kurzbeschreibung Fully illustrated in color for the first time! with drawings of nearly 350 mind-boggling trick shots, Byrnes Treasury of Trick Shots in Pool and Billiards will teach you everything from the basic butterfly formation to the most difficult and impressive shots. Robert Byrne will help novice and experienced players alike perfect their trick shots and learn about the historical context of each trick. Trick shots are anything amusing, surprising, or educational that can be done on a pool or billiard table with standard accessories, and have been around as long as the game itself. Byrne demonstrates historical shots, including some invented by the famous Captain Mingaud, the world's first professional exhibition player, and newer tricks seen while travelling to tournaments around the world. Filled with easy as well as hard, and technical as well as showy tricks, the books clear diagrams, paired with secret insider tips, describe simpler stunts for the beginner, those that take years of practice, and some that the author doubts you'll ever be able to do. Whether you want to impress a crowd, a group of friends, or yourself, Byrnes wild, stunning, and unforgettable trick shots will make you question some principles of physics and wow an audience of one or one-hundred. Skyhorse Publishing, as well as our Sports Publishing imprint, is proud to publish a broad range of books for readers interested in sportsbooks about baseball, pro football, college football, pro and college basketball, hockey, or soccer, we have a book about your sport or your team. In addition to books on popular team sports, we also publish books for a wide variety of athletes and sports enthusiasts, including books on running, cycling, horseback riding, swimming, tennis, martial arts, golf, camping, hiking, aviation, boating, and so much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.
