**Von Madeleine L'Engle : Camilla** before purchasing it in order to gage whether or not it would be worth my time, and all praised Camilla:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. An excellent book!Von Ein KundeI loved this book! I really felt that the main characters were real people and I could understand how they were feeling really well. I also thought that the author captured teenagers' feelings very well especially since she is an older author. The romance was also very nice and not sappy with no excessive hugging or kissing.One of my favorite things about the book was that the two main characters had wonderful meaningful

conversations about the world and death. They were conversations that really made you think. I have to admit however that the ending was rather disappointing because I got really into the book and then it just kind of ended. The sequel, "A Live Coal Under the Sea," is pretty good too but is actually an adult book that I would suggest for people 13/14 or older. Even though the ending is kind of weak, I suggest that you read "Camilla" by Madeleine L'Engle!0 von 0 Kunden fanden die folgende Rezension hilfreich. Camilla learns about the complexity of life and her parents. Von Ein Kunde Camilla discovers that her parents are individual people, and not just her mother and father. The problem is that she does not like her parents, especially the way they are acting. Her best friend's brother, Frank, is going through a hard time also, and together they give each other comfort. Madeleine L'Engle gives you the utter joy and sorrow of life through Camilla. This is a great book, if you are an experienced reader, I highly suggest this book!0 von 0 Kunden fanden die folgende Rezension hilfreich. Awesome! Von Ein Kunde L'Engle shows some of the pressures of becoming a responsible adult. She tells the story of a young girl who needs to put her trust in someone other than her parents, for they have failed her. So young Camilla hangs on to her first love, trying to open up her eyes into a new and confusingly unknown world.

Kurzbeschreibung Experience this story of first love by A Wrinkle in Time author Madeleine L'Engle. This classic novel is now a major motion picture, Camilla Dickinson. Fifteen-year-old Camilla Dickinson has led a sheltered life on the Upper East Side with her architect father and stunningly beautiful mother. But this winter the security she has always known has vanished, because her parents' marriage is coming apart - and Camilla is caught in the middle. She finds a way to escape her troubles when she meets Frank, her best friend's brother, who is someone she can really talk to about life, death, God, and her dream of becoming an astronomer. When Frank introduces her to the important people in his life, who are so different from anyone she has met before, he opens her eyes to worlds beyond her own, almost as if he were a telescope helping her to see the stars. This novel, one of the author's earliest, is the story of a girl who, with the help of her first love, leaves childhood behind and enters adulthood with a newfound sense of self and inner strength. Pressestimmen Struggling to make sense of all that conflict, walking the snowy city streets with a boy named Frank, Camilla tries to fathom the sweet, slow progress of desire. O, The Oprah Magazine
