**Von Nicole S. Young : Canon 7D: From Snapshots to Great Shots** before purchasing it in order to gage whether or not it would be worth my time, and all praised Canon 7D: From Snapshots to Great Shots:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Great ressource for the aspiring amateur photographerVon Fabrice BongartzKudos to Nicole for this very very well written book. Why? For one, it is not just a second manual for the eos 7d. In part, this is a hands on, well structured and fun to read general digital SLR photography book for people who want to take the next step and really assume control of their photographic work. The book is centered around real life photographic situations and challenges (landscape, moving targets, mood lightning,...) and shows how to master them using your EOS 7D. You will discover your camera step by step using real life examples.The first chapter contains a practical list of the top 10 recommended steps that will get you started using the 7D.The second chapter is a short crash course in the basics of photography (lenses, formats, aperture, shutter speed, iso, depth of field,...).Chapter 3 explains the 7D's different shooting modes (Full Auto, Creative Auto, Av/Tv Priority,...).Chapters 4 to 8 cover specific problems and photographic techniques like landscape photography, sports, lightning and so on.Chapter 9 covers movie mode.The last chapter talks about different more

advanced EOS 7D settings. What's nice about this book:- It is well written and easy to understand.- The photos are beautiful!- Each chapter contains one or more "Poring over the picture" parts where a real life photo related to the chapter is examined in detail. In conclusion, a great book for "aspiring amateurs" who just bought this fantastic camera. Professional photographers will probably want to look at a more in depth, EOS 7D specific book though. 0 von 0 Kunden fanden die folgende Rezension hilfreich. great service Von C. Krijgsman The book first got lost in the mail but vendor was VERY helpful and was sending a new one promptly. At last the book did arrive and I was hopefully able to cancel the 2nd shipment. They were very accommodating. 0 von 0 Kunden fanden die folgende Rezension hilfreich. conseiller Von 7d happy user Trs bon compliment du manuel d'utilisation, bonnes illustrations mme sur un Kindle. Bonne ide de crer un groupe de suivi sur Flickr.

**Kurzbeschreibung** This book has one goal: to teach Canon 7D owners how to make great shots using your camera. Starting with the top ten things you need to know about the 7D charging your battery, setting your ISO, reviewing your photos, and more professional photographer Nicole S. Young then carefully guides you through the modes of the camera, offering practical advice on choosing your settings, expert shooting tips, and end-of-chapter challenges to get you up and running with your 7D. This book is for anyone who has upgraded from a point-and-shoot, or who wants to jump right into photography with the control and capabilities of a powerful DSLR. Canon 7D: From Snapshots to Great Shots shows not only what makes a great shot work but how to get that shot using your 7D. Follow along with your friendly and knowledgeable guide, photographer and author Nicole S. Young, and you will: Learn the top ten things you need to know about shooting with the 7D Use the 7Ds advanced camera settings to gain full control over the look and feel of your images Master the photographic basics of composition, focus, depth of field, and much more Learn all the best tricks and techniques for getting great action shots, landscapes, and portraits Find out how to get great shots in low light Learn the basics behind shooting video with your 7D and start making movies of your own Fully grasp all the concepts and techniques as you go, with challenges at the end of every chapter And once youve got the shot, show it off! Join the books Flickr group, share your photos, and discuss how you use your 7D to get great shots at flickr.com/groups/canon7dfromsnapshotstogreatshots. **Kurzbeschreibung** This book has one goal: to teach Canon 7D owners how to make great shots using your camera.
