Von Nicole S. Young : Canon EOS 60D: From Snapshots to Great Shots before purchasing it in order to gage whether or not it would be worth my time, and all praised Canon EOS 60D: From Snapshots to Great Shots:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Gelungener CrashkursVon Stefan SteinbauerIch war sofort begeistert auf Grund der Aufmachung und dem Schreibstil. Leider sind deutschsprachige Bcher in diesem Stil nicht verfgrbar. Reich bebildert richtet sich das Buch sowohl an blutige Anfnger als auch an Alteingesessene Amateure. Neben einem kleinen Grundkurs in Fotografie werden die wichtigsten Funktionen der 60D einmal erklrt und in bestimmten Fllen sogar ins Handbuch verwiesen. Ich bin neugierig wann Canon auf die Idee kommt Ihren Kameras solche Bcher anstelle der Bedienungsanleitungen beizulegen. Jedes Kapitel enthlt eine Reihe von Aufgaben an denen man das gelernte Erben kann.Alles in allem ein Buch, dass ich schon einmal statt dem Handbuch zur Hilfe gerufen habe :-D0 von 0 Kunden fanden die folgende Rezension hilfreich. Wertvolle, praxisorientierte TippsVon Alexander HuberDieses gut geschriebene und sehr schn illustrierte Werk vereint eine hervorragende Ergnzung zum Handbuch der EOS 60D inklusive vieler sehr guter Tipps

zur Bedienung der Kamera mit einem ganz grundstzlich empfehlenswerten und praxisorientierten Leitfaden fr ambitionierte DSLR-Fotografie. Fr des Englischen mchtige Nutzer der Canon EOS 60D (und solche, die es werden wollen) eine absolute Empfehlung.

Kurzbeschreibung This is the eBook version of the printed book. This book has one goal: to teach you how to make great shots using your Canon EOS 60D. Starting with the top ten things you need to know about the camera charging your battery, setting your ISO, reviewing your photos, and more photography pro Nicole Young then carefully guides you through the modes of the camera, offering practical advice on choosing your settings, expert shooting tips, and end-of-chapter challenges to get you up and running with your EOS 60D. This book is for anyone who wants to upgrade from a point-and-shoot, or who wants to jump right into photography with the control and capabilities of a powerful DSLR. Canon EOS 60D: From Snapshots to Great Shots shows not only what makes a great shot work but how to get that shot using your EOS 60D. Follow along with your friendly and knowledgeable guide, and you will: Learn the top ten things you need to know about shooting with the EOS 60D Use the EOS 60D's advanced camera settings to gain full control over the look and feel of your images Master the photographic basics of composition, focus, depth of field, and much more Learn all the best tricks and techniques for getting great action shots, landscapes, and portraits Find out how to get great shots in low light Learn the basics of shooting video with your EOS 60D and start making movies of your own Fully grasp all the concepts and techniques as you go, with challenges at the end of every chapter

Buchrckseite The successor to Canon's popular EOS 50D DSLR, the Canon 60D is a powerful camera intended for advanced amateurs to semi-professionals who want to jump into photography with the control and capabilities of a DSLR--but without the high price. There's the manual, of course, as well as competing books, and while they all explain, often in 400+ pages, what the camera can do, none of them shows exactly how to use the camera to create great images! This book has one goal: to teach Canon 60D owners how to make great shots using your camera. Starting with the top ten things you need to know about the 60D--charging your battery, setting your ISO, reviewing your photos, and more--professional photographer Nicole S. Young then carefully guides you through the modes of the camera, offering practical advice on choosing your settings, expert shooting tips, and end-of-chapter "challenges" to get you up and running with your 60D.
