Von Howard E. Galley : Ceremonies of the Eucharist: A guide to Celebration before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ceremonies of the Eucharist: A guide to Celebration:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. The Ceremonies of the Eucharist: A Guide to Celebration Von Susan N. Eaves The Ceremonies of the Eucharist is an excellent guide for those persons responsible for Eucharistic worship. It is particularly helpful for clergy and lay people seeking ways to improve and deepen the quality of their liturgy (worship services) through the introduction of well thought out and theologically sound ceremonies. Galley's book is intended largely for an Episcopal readership as he seeks to create the liturgical environment intended by the 1979 Book of Common Prayer. What makes this book

especially useful is that he not only explains how things might be done but also discusses how differences in size of congregation will effect choices. Overall he achieves a good balance between formality and hospitality in worship. The book is Anglican in its spirituality and breadth. Non-episcopals would find this book interesting as an additional resource in deciding what shape and style their worship might take.

Kurzbeschreibung Unlike liturgical manuals of the past, which were intended specifically for the use of the clergy, this book is directed to a wider audience to members of parish worship committees, priests, organists and directors of music, lectors, deacons, cantors and other singers, bishops, altar guild members, acolytes in short, to all who bear responsibility for the planning and conduct of public worship. from the Preface So begins Howard Galley's classic guide to the Eucharistic liturgy, *The Ceremonies of the Eucharist*. Galley opens his formidable liturgical learning and veteran ecclesial experience for all worshippers to access. Throughout, he enhances his suggestions for practice with the rationale and historical background for his recommendations. **Pressestimmen** An absolutely superb book. I highly recommend it. --Richard F. Griener Out of his deep familiarity with both liturgical tradition and the 1979 Book of Common Prayer, Howard Galley has provided a guide to the use of the Prayer Book that is sensitive both to its liturgical and theological backgrounds and to the practical and pastoral issues surrounding public worship today. --Thomas J. Talley This is more than a mere manual of ceremony. Based on a deep knowledge of the history of worship, Galley shows us that liturgy is living action, the work of an assembled people of God. Read, enjoy, and use this book. --Ormonde Plater Howard Galley's book is an important guide to the use of the Book of Common Prayer and provides historical and liturgical perspectives on the actions of both officiants and congregation. An informative and practical treatment of the ceremonial tradition. --Lloyd Patterson "Howard Galley's book is an important guide to the use of the Book of Common Prayer and provides historical and liturgical perspectives on the actions of both officiants and congregation.
