Von Harriet Bronson : Charlie and Me (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Charlie and Me (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich.
Rezension bezieht sich auf: Charlie Me (Taschenbuch)Von Von Joan Heilbroner, MLS - SchriftstellerinIn ihrem Buch,
CHARLIE ME, beschreibt Harriett Bronson sowohl die Schwierigkeiten als den Glanz einer Hollywood Ehe.
Gleichzeitig untersucht sie das Problem von vieler Frauen, einen Mittelweg zwischen Selbstopferung und

Selbstachtung in ihrer Ehe zu finden. Mit 18 Jahren wollte Harriett eine berühmte Schauspielerin werden. Stattdessen hat sie Charles Bronson, einen mittellosen Schauspielstudenten, geheiratet. Und es war "Charlie", nicht Harriett, der den Ruhm erreichte. Nur 16 Jahre später, als das Paar geschieden wurde, bemerkte Harriett, dass im Verlauf ihres Mannes Unterstützung, hatte sie ihre eigene Trame vergessen. Jetzt war es nicht einfach ein befriedigendes Leben zu finden. Doch schließlich hat sie nicht nur das Ziel ihres Lebens entdeckt, sondern auch einen gewissen Ruhm gewonnen. CHARLIE ME ist eine rührende Geschichte, und der unermüdliche Kampf von Harriett Bronson um seinen Weg zu finden, bietet ein Beispiel und eine Inspiration für die Frauen, die ähnliche Wege umzugehen suchen. 2 von 2 Kunden fanden die folgende Rezension hilfreich. A must-read for first wives and first wives! Von Sylvia Cary, LMFT - psychotherapist A Hollywood memoir by the first wife of actor Charles Bronson which details their 16-year marriage and high profile divorce; the author's life afterwards as the "ex" Mrs. Famous; and her successful struggle to reinvent herself as a talk radio host. The book also gives an in-depth look at Bronson's incredible journey from Pennsylvania coal miner to Hollywood royalty. CHARLIE ME is about old Hollywood; about the basic ingredients of success (such as "show up on time and be prepared"); and about the impact of international fame and fortune on a marriage. CHARLIE ME is a true love tale gone wrong. There is no story like this story. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Keeping it real Von V. Layton Charlie and Me is aptly named. It begins by detailing Charles Bronson's life before the tabloids and behind the headlines--a very interesting exploration of what is really involved in making it big in Hollywood. Harriet Bronson also uncovers the loneliness of an uneven marriage: "I was fused with Charlie, and when he left me I felt that I was nothing, invisible, dead." This feeling is not exclusive to the "Ex Mrs. Famous" and Harriet's memoir expresses the searing pain and bitterness shared by anyone who has experienced divorce. But what emerges out of her feelings of loss is Harriet Bronson's discovery of "Me." A "me" that the reader will find engaging, entertaining, and most importantly, as she is true to herself, real.

Kurzbeschreibung A must-read for first wives everywhere! A marriage may be able to survive extra-marital sex, but extra-marital love is a shipwreck from which most marriages never recover. Our marriage did not. Harriett Bronson Born in Philadelphia, HARRIETT BRONSON went to drama school to fulfill her dream of going on the New York stage. Instead, she met and married a fellow acting student (known today as Charles Bronson) and followed him to California. After sixteen years, two children and a high-profile divorce, Harriett again found herself looking for a career. She tried acting, modeling and a list of other pursuits until serendipity intervened and she ended up as a radio talk show host, loved it, and spent the next nine years doing it on both KABC and KIEV in Los Angeles. Specializing in interviewing non-celebrities who are doing interesting things, she caught on. One reviewer dubbed her husky purr as the best voice on late night radio. Today, she still loves drawing people out in conversations. It's in the blood, she says. - A behind-the-scenes look at a high profile Hollywood marriage and divorce- Never-before-seen photographs from the Bronson Family Album- Insights into what it feels like to be an ex Mrs. Famous Kurzbeschreibung A must-read for first wives everywhere!
