Von Juanes : Chasing the Sun before purchasing it in order to gage whether or not it would be worth my time, and all praised Chasing the Sun:

KurzbeschreibungIm doing what I believe I was brought to this world to do: to create music that raises awareness, renews hearts, and generates change. Ill continue looking to the stars and traveling the globe as God permits me. And I hope I have many years left to connect through art, to play my guitar, and to continue chasing the sun.JuanesIn Chasing the Sun, the international music icon and humanitarian shares the incredible story of his life and how music and faith guided his path. In his own un-adulterated words, and with visually arresting images throughout some of them never before seenJuanes imparts his defining moments from childhood to present day, reflecting on his spiritual and

musical journey and the personal and professional experiences that shaped the man he is today. Born and raised in Colombia, Juanes developed his deep love of music from his family and learned to play guitar at an early age. By age sixteen, he became a founding member, lead guitarist, vocalist, and song-writer for Ekhymosis, which went on to become Colombia's leading hard-rock band. However, it was his career as a solo artist that propelled him toward international superstardom. With great honesty, Juanes reveals how his times of glory were often intersected by times of doubt and soul-searching and how remaining true to his beliefs and passionate about his art gave him the strength and foresight to reinvent himself and his career. While his role as a recording artist is well documented, the very private Juanes has never opened up in his own words until now.
