Von Maurice Hamilton : Chequered Conflict: The Inside Story on Two Explosive F1 World Championships (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Chequered Conflict: The Inside Story on Two Explosive F1 World Championships (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich.

Interessante Lektüre Von Andreas Scheibelhut Sehr ausführliche Darstellung der Erlebnisse. Der Teil über die Spy-Affäre sind aber für non-native English speaker wohl zu lange geraten. Für einen Kimi-Fan dennoch ein MUST HAVE!

Kurzbeschreibung The 2007 Formula One Championship was the first since the legendary 1986 season in which three drivers went into the final race with the possibility of being crowned champion. And not since that fateful year, when Mansell, Piquet and Prost went head-to-head, has a season so captured the world's attention and drawn so many new spectators to the sport - for reasons both on and off the track. It wasn't meant to be that way. When Fernando Alonso joined McLaren for 2007, the unspoken assumption was that the double world champion would steadily proceed to his third title in a row. He would have done exactly that, but for a development no-one could have foreseen. Carl Lewis Hamilton, a relative unknown and just twenty-two-years old, would climb into the other McLaren-Mercedes and captivate the world with consistently brilliant performances. Even as it welcomed this new prodigy, however, the world of Formula One was rocked by accusations of spying between McLaren and their bitter rivals Ferrari; accusations that resulted in millions of pounds in fines and an ill feeling between the teams, their drivers and the governing body that now threatens the future of the sport. Revisiting the 1986 season to contrast it with the world of F1 today, and applying his extensive experience as an award-winning motor-sport journalist for over 30 years, Maurice Hamilton provides a review of a season that will be remembered as one of the most important and unique in the sport's history. Analysing the individual races in expert detail as well as looking at the drivers themselves, **CHEQUERED CONFLICT** in its look at how radically the sport has changed in those twenty years, will become a classic of its genre.

Pressestimmen 'A beautifully researched account...it is an unedifying tale that will change your view of a once-great sport' Independent 10/3

Motorsport expert Hamilton examines last year's F1 contest - the first time since 1986 that three drivers have gone into the last race all with a chance of taking the title. Daily Record 21/3 'One of motorsport's most elegant wordsmiths, author Hamilton (no relation) reflects on the minutiae of the tripartite struggle that made last year's World Championship so absorbing and interweaves it with reflections on the similarly belligerent backdrop to Nigel Mansell's first serious tilt at the world title, in 1986. He wrote it with considerable relish. Readers are encouraged to adopt the same approach' Telegraph Motoring supplement 8/3 'An absorbing account of last year's explosive 2007 Formula One battle involving Lewis Hamilton, Fernando Alonso and Kimi Raikkonen. Hamilton, the Observer's F1 correspondent, keeps his head when all around were clearly losing theirs and by contrasting the 2007 season with the equally intense finale in 1986, shows how the sport he covers has evolved with the passing of time' The Observer 13/4
