Nicht schlecht aber...Von Marco G.Nicht schlecht, man sollte allerdings erwñhen das sich das Buch an vielen Stellen auf traditionelles Chinesisch bezieht wie es im Kantonesischen / Hong Kong verwendet wird. Viele der Piktogramme gehen nicht fr neues Mandarin auf. Trotzdem ist es als Grundlage durchaus lesenswert.7 von 7 Kunden fanden die folgende Rezension hilfreich. ATTENTION: Mixes traditional and simplified charactersVon SturmPilotGood if you just want to learn the logic and origins of chinese characters and words.However it mixes Taiwanese Mandarin with Standard Mandarin, simplified with traditional characters, and explains outdated vocabulary.Not very useful if you try to learn Mandarin with simplified characters.On the plus it has very nice illustrations and is fun to read. But for

someone actually learning to read chinese this book creates additional confusion instead being a help.2 von 2 Kunden fanden die folgende Rezension hilfreich. Ein schnes Bilderbuch chinesischer Schriftzeichen.Von OliLiebevolle Illustrationen und kurze Geschichten erklen wenige Hundert Schriftzeichen auf spielerische Weise. In wie weit die erlernten Kenntnisse mehr Wert besitzen, als einen ersten Einstieg in die chinesische (Schrift-)Sprache zu geben mag man diskutieren. Klar ist aber: das Buch ist eine Freude anzuschauen, fr Kinder und Erwachsene gleichermaen! Klare Empfehlung!

KurzbeschreibungPlease note that this eBook is best viewed on a Kindle Fire device. Learning Chinese has always been difficult ... until now. Breaking down the Great Wall of language, ShaoLan has unpicked Chinese characters and created a simple and beautifully illustrated system for quickly understanding the basic building blocks of the written language. Working with illustrator Noma Bar and organized in an easy-to-grasp sequence, these engaging and delightful images offer a glimpse into the wonder of the Chinese language and rich culture. After a brief introduction to the nature of Chinese characters, strokes and pronunciation, the book's main section introduces the key and most frequently occurring characters on which the language is built, revealing how they can be combined to form a wealth of complex words and phrases. The book will entertain and enrich readers of all ages and set the first steps towards a genuine appreciation of Chinese.PressestimmenThese cute images make reading Chinese characters Chineasy.
