A Great Collection of Timeless TextsVon Dennis WallerAs the author of "The Art of Talking to Christ," and other books on personal growth and philosophy, I am always intrigued with any ancient text dealing with the mystical aspects of Christianity. When I ran across this collection, even though I already have a few of these books, I jumped all over it. To have these timeless classics in one place is priceless. For any student of this fascination subject, this is a must have.This deal comprises of five books. The collection begins with THE IMITATION OF CHRIST by Thomas Kempis. Written at least 600 years ago, The Imitation of Christ is one of the best known Christian books on devotion and is as relevant today as it was then. This would be exactly the book I would start with, well done with the attention placed on the order of the books.The second book, THE CONFESSIONS OF ST. AUGUSTINE with this edition being translated by E. B. Pusey is probably one of the best known texts among students and scholars. With this being a thousand years old, give or take a few years, this has stood up to the test of time and gives a look at the thoughts and thinking process of one of the pillars of Christianity, Saint Augustine. There is a reason this has stuck around, and one that requires serious study to fully appreciate its treasures.The third book, JESUS THE CHRIST by Elder James E. Talmage is an in-depth look and study into the texts of Jesus offering a refreshing perspective even after all these years.The fourth book, THE BOOK OF RUTH, is a contemplated look at how far we, as a society, have veered from the original intent of man, but no worries, we have been off course since the beginning of time and that is what makes these texts so compelling, in showing a way to live life and becoming more centered and respectful towards others.The collection finishes up with HOW TO BECOME LIKE CHRIST by Marcus Dods. The name, Marcus Dods, is known to any uber serious student and his treatise is still taught today offering an inspiring look on how to be Christ-like.Overall, there are countless hours of reading material here that could take a lifetime to assimilate. Old texts brought together again to feed the mind, heart and soul. For the price, this is a no-brainer for sure.
