ExcellentVon GBinCHReally great book with lots of advice and comparison of techniques and approaches to

surviving storms at sea. An easy read that is captivating while being instructive and easy to read

**Kurzbeschreibung**The definitive guide to a critical, hotly debated topic How should a sailor cope with storms at sea? Some advocate heaving-to, others running off. Some say trail a sea anchor over the bow, others a drogue astern. The stakes in the discussion couldnt be higher, or the consensus lower. Finally, preeminent sailor/author Hal Roth offers a practical strategy that can evolve and respond as storms grow stronger.
