Developing a deeper connection with the Divine RealmVon Jenny CohenThis is one of my favorite books from Doreen and the angels because of all of its wonderful, helpful information. I absolutely loved reading about the predicted New Age of Peace,

and I discovered my chosen "age outs" for this lifetime, simply by asking my angels after readings Doreen's discussion of this topic in the book. I have also had some incredibly powerful and insightful experiences with the chapter on the meanings of specific number sequences. As a claircognizant and clairaudient, the angels and ascended masters can simply tell me which number sequence they want me to read at any particular moment, and I have actually gotten to the point where I have many of the meanings committed to memory. Even if you do not have your communication channels fully open, you can still receive these powerful messages simply by noticing when you keep seeing certain number sequences. These are indeed very powerful, healing messages.... Doreen has provided this easy-to-read format to her readers, so that they can more effectively communicate with us. Let's all take advantage of this wonderful gift- please purchase this book for yourself and your loved ones!

Von Midwest Book Review Doreen Virtue, Pd.D., says we're not imagining things, that "angels are among us, now more than ever, and not just in commercial venues." Dr. Virtue, a clairvoyant psychotherapist, is the author of *Healing With The Angels: How The Angels Can Assist You In Every Area Of Your Life*. She presents workshops nationally, and has appeared on numerous television programs, as well as written 22 books. She says "the angels are here to teach us that God's love answers all questions and challenges [and] there is no limit to angels' healing power." All we have to do is ask for their help. Dr. Virtue includes descriptions of the assistance given to her clients when they've asked, and transcripts of her encounters with angels on the behalf of her clients. After a general explanation of how angelic interventions work, she discusses specific areas of concern. These include your love life, your family, your health, life purpose, careers, and healing past life issues. She also includes chapters on nature and animal angels, the afterlife, spiritual safety, and "star people." Each chapter includes suggestions on how to get the specific help you need. The last chapter describes how angels may attempt to get your attention by constantly making you aware of a specific set of numbers. For example, if you continually see a series of the number eight, "a phase of your life is about to end, and this is a sign to give your forewarning so you can prepare." Appendices include a forgiveness exercise, forgiveness meditation, and angel affirmations. Dr. Virtue says "no situation is too big or too small for the angels to resolve it for you." She adds, "their greatest reward is your happiness, so if it fits with God's will, they will give you whatever brings you joy." *Healing With The Angels* provides all the information readers need for bringing angels into their lives and finding the joy in life they want and deserve.

Sandra I. Smith Reviewer

Kurzbeschreibung You Are Surrounded by the Healing Love of Angels! Healing with the Angels is a practical howto guide that reveals how to work with angels to improve your health. Much of the book discusses the various ways that angels heal our physical health, and gives specific spiritual healing methods based upon the author's case studies. The angels also heal our mental and emotional health, and the case studies show how depression, anxiety, sleep disorders, and other common maladies can be lifted with "angel therapy." Topics include: Angel therapy for illness; healing others with angels; angelic messages about weight, exercise, and diet; sleep therapy from the angels; angelic clearing of psychological and emotional issues; healing away addictions and obsessions; and how the angels can heal us of worry, guilt, and other destructive mental habits.

Pressestimmen 'Channelled guidance for all of us who can't channel - shines a divine light !' - Carolyn Burdet, Kindred Spirit Magazine 'Doreen Virtue is the undisputed queen of angel scene' The Bookseller 'A West Coast Goddess' - Saturday Telegraph Magazine
