Von Alice Ogden Bellis : **Helpmates, Harlots, and Heroes, Second Edition: Women's Stories in the Hebrew Bible** before purchasing it in order to gage whether or not it would be worth my time, and all praised Helpmates, Harlots, and Heroes, Second Edition: Women's Stories in the Hebrew Bible:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Fresh interpretations of familiar stories in the BibleVon Ein KundeThis book offers a comprehensive look at various modern

interpretations of familiar biblical stories about women in the Old Testament. The distinguished author provides a helpful orientation to the diversity of methods of feminist interpretations applied to each biblical story. These interpretations directly oppose many of the standard explanations of these stories, so the insights gained by the reader are many and fresh. The book is excellent for lay readers wanting a feminist approach to the biblical stories of the Old Testament and for college and seminary students who need scholarly details. The book uses a balanced mix of a conversational style and scholarly methods to make it equally accessible to students, teachers, and general readers. I highly recommend it

Kurzbeschreibung This best-selling book, now revised and updated, shares the work of many feminist biblical scholars who have examined women's stories for several years. These stories are powerful accounts of women in the Old Testament--stories that have profoundly affected how women understand themselves as well as men's perception of them. Here, Alice Bellis shares the research of feminist biblical scholarship during a quarter of a century, which renders a vast amount of refreshing, exciting, sometimes disturbing material.

Synopsis In this best-selling book, now revised and updated, Alice Ogden Bellis shares the work of feminist and womanist biblical scholars. Examining women's stories in the "Old Testament", Bellis shows how different feminist and womanist scholars have interpreted these texts - texts that have profoundly affected how women understand themselves - in the last thirty-five years. The book includes study questions and a thorough bibliography.
