Von Christopher Scott Thompson : Highland Broadsword: Lessons, Drills, and Practices before purchasing it in order to gage whether or not it would be worth my time, and all praised Highland Broadsword: Lessons, Drills, and Practices:

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. Great introduction...Von Black WatchAll thumbs up for this great introduction manual to the Regimental Highland

Broadsword. Easy to read, easy to follow and very interesting for all martial artist, especially historical fencers, but also people interested in martial and scottish history.

KurzbeschreibungThe lessons in Highland Broadsword are designed to help you learn the fundamentals of broadsword fighting, with an emphasis on developing practical skills, not on exploring the esoteric details of broadsword fencing theory. In the first part of the book, Christopher Thompsonwho is the author of Highland Knife Fighting and Highland Martial Culture , and runs the Ceteran Society Broadsword Academy in Portland, Maineinstructs you in the essentials of Highland swordsmanship, including stances, grips, footwork, and blade actions. After you've mastered these skills, you can test what you've learned with the free fencing and bouting exercises found in part two before moving on to the disarm maneuvers and advanced fighting techniques in part three.Highland Broadsword can be used as a self-study guide by groups or by individuals with a training partner. While designed for the broadsword, the techniques in this manual also work with the backsword and singlestick. This is a must-read for anyone interested in the historical use of Highland weapons or in the Western martial arts in general.
