**Von Eugene Ehrlich : Highly Selective Thesaurus for the Extraordinarily Literate (Highly Selective Reference)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Highly Selective Thesaurus for the Extraordinarily Literate (Highly Selective Reference):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. An Essential Addition to Any Reference ShelfVon David WolfI love my Roget's Thesaurus, and I use it often in work and correspondence. But there is are times when the words it supplies are - well - a tad too commonplace. Sometimes you need to use a word that conveys subtle shadings of meaning, and other times you just want to use a word to show the other guy how intelligent you really are. That's where The Highly Selective Thesaurus comes in. As a sheer ratio, I

probably use this once for every four times I use Rogets, but as a writer friend once told me, you never need a really good, five-dollar word until you need it badly. If you are building or adding to your references, you must purchase this and its companion volume, the Highly Selective Dictionary, to accompany your Websters and your Rogets - and even your Encarta.0 von 0 Kunden fanden die folgende Rezension hilfreich. This book is the best at confusing your teachersVon Ein KundeI dont have much to say besides that you must get this book. It is the best at confusing your teachers or just your friends. This is a must have

KurzbeschreibungAnyone looking to improve his or her vocabulary and anyone who loves words will be enthralled by this unique and impressive thesaurus that provides only the most unusual -- or is it recondite? -- words for each entry..deIf you're serious about writing and speaking language that crackles with delightful and obscure words, then you must have this book. As indicated by the title, it is a selective thesaurus containing 50,000 words and phrases, focusing on the more arcane or colorful choices. The main weakness is lack of cross-referencing, but it is nonetheless a superlative supplement to standard thesauri or synonym dictionaries..comIf you're serious about writing and speaking language that crackles with delightful and obscure words, then you must have this book.
