your soul a chance. Von Ein Kunde What Fox illustrated for me is that we are all blessed and that if we learn the mythologizing process of creating that sacred place,- music, art, meditation, adventure - by following our deepest instincts and intuitions, we can actually evolve ourselves to become our true selves which is in its own way a miracle and magic. We can have inspiration! and we can receive gifts and guidance and assistance from the Unknown and the Ineffible Creator/Creatrix. It is a part of our capacity to become whole and genuine and full of grace. Work. Study. Take risks.

The Book of Divine Works was written between 1170 and 1173, and this is its first appearance in English. The third volume of a trilogy which includes Scivias, published by Bear Company in 1985, this visionary work is a signal resounding throughout the planet that a time of healing and balance is at hand. The Book of Divine Works is a cosmology which reunites religion, science, and art, and readers will discover an astonishing symbiosis with contemporary physics in these 800-year-old visions. The present volume also contains 51 letters written by Hildegard to significant political and religious figures of her day and translations of twelve of her songs..deMysticism has a long history in Christianity, and 12th-century Hildegard of Bingen is one of Christianity's most admired mystics.
