**Von Michael Palin : Himalaya (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Himalaya (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen5 von 6 Kunden fanden die folgende Rezension hilfreich. Very important person bookVon Roman NiesThis is a very entertaining and informative book for Himalayan travellers. The author is no doubt a witty, spirited gifted writer. He succeeded in writing a readable account of his hasty journey through all the Himalaya states. But one thing you should know before you buy this book. Palin is a privileged VIP

who is performing a well organised and guided VIP journey to VIPs, encountering VIPs, taking advantage of VIPs, talking mainly to VIPs and thinking a lot about them. So, this is not the true Himalaya, neither the circumstances in which You will find yourself when travelling to all these or only one of these places. I know most of these places by own witness and I was sometimes bewildered, sometimes amused how different the authors experiences and conclusions were to mine. You get a wrong idea if you want to learn something about the Himalaya as a prospective traveller and only read this book. A good idea is to read this book while travelling there. It gives you mostly the impression, yes, this the same place but I can see it with totally different eyes. I can commend this book if you do not take it too serious! 0 von 0 Kunden fanden die folgende Rezension hilfreich. relived travels... Von Gertraut Seib I own quite a lot of Michael Palins' Travel Books and I love them all. You learn so much about countries, accomodations, transport, etc. when you read them and I love his style, especially the British dry humour he has, First I bought this book for my son and then I decided that I would need a copy of my own... :-)

Kurzbeschreibung Michael Palin tackles the full length of the Himalaya in this terrific number one bestseller. Having risen to the challenge of seas, poles, dhows and deserts, the highest mountains in the world were a natural target for Michael Palin. In a journey rarely, if ever, attempted before, in 6 months of hard travelling Palin takes on the full length of the Himalaya including the Khyber Pass, the hidden valleys of the Hindu Kush, ancient cities like Peshawar and Lahore, the mighty peaks of K2, Annapurna and Everest, the gorges of the Yangtze, the tribal lands of the Indo-Burmese border and the vast Brahmaputra delta in Bangladesh. Facing altitudes as high as 17,500 feet as well as some of the world's deepest gorges, Palin also passed through political flashpoints like Pakistan's remote north-west frontier, terrorist-torn Kashmir and the mountains of Nagaland, only recently open to visitors. Pressestimmen "Witty and entertaining." --The New York Times on Full Circle "Charming and often hilarious." --New York Daily News on Full Circle "Ever affable and eclectic, Palin disarms and delights. He has an unerring eye for the bizarre. His book is sheer escapism, pure entertainment, and I love it." -- Sunday Times (London) on Sahara
