Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Healthy leadership Von Patrick Werder A small book wich grants a greate source of wisdom. Not for grasping the power first and 'make your mark', but to find and follow the vision and affirmation to do the right, not just 'the good'. Bishop Cottrell's view of leadership will in the long run prove as the right one. Very helpful with practical examples. I recommend this booklet. Patrick Werder, Pastor

Kurzbeschreibung 'We're looking for someone who can hit the ground running'. How many times have you heard this? Or maybe you've said it yourself? 'But,' as Stephen Cottrell says, 'when someone hits the ground running, there is no guarantee that they are going in the right direction'. "Hit the Ground Kneeling" takes common statements about leadership - statements that we often take for granted - and questions them in the light of Christian faith and Christian perspectives on leadership. Ideal for church leaders, this is a timely antidote to the glut of selfhelp, quick-fix management books!
