Von Emlyn Chand : Honey the Hero (Bird Brain Books Book 1) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Honey the Hero (Bird Brain Books Book 1) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. A hero with her heart in the right place Von Jean Smith Honey kept trying to be a hero but every time she did she messed up things for the animals she tried to help. This made her very upset and she wanted to quit, but her mama told her, her heart was in the right place and one day she would find someone to help. Later she found a lost baby dingo and he was very scared and sad. Honey helped him find his mom, brothers, and sisters. I learned that you should always try to help

others but only if they want your help. Also, to be watchful. This was a great story. It is very short but the pictures are great and little kids would love it. ~Alyssa, age 10. Honey the Hero is a short read perfect for the little one that wants a story but has a very short attention span. The illustrations are colorful and eye catching, perfect for capturing the attention of the young reader. *****Reviewed for Xtreme-Delusions*****

Kurzbeschreibung Smart Books for Smart Kids (Loving Birds Helps Too) - For Kids 3-8 Years Old FINALIST: Eric Hoffer Awards - 2013 - Children's Books Honey, an inquisitive, young parakeet living in the Australian Outback, decides to become a superhero after she spies a human family watching Superman. Since she already has the power of flight, all she needs to do is create a costume to conceal her true identity and then fly off in search of animals that need rescuing. Unfortunately, every time she tries to help, Honey only ends up making matters worse. She spoils Kangaroos game of hide-and-go-seek by revealing his hiding place to Wallaby; Mr. Anteater must go hungry when she alerts the ants to his presence, and Mrs. Koala is made a laughingstock among bears when Honey pretends to be her Joey. Finally realizing that shes not as heroic as shed like, Honey gives up her day-saving efforts. But what happens when someone actually needs Honeys help? Will she rise to the challenge? Theres only one way to find out: join Honey in her Australian superhero adventure. [Childrens Picture Books, Birds, Animals, Values, Friendship, Imagination, Adventure, Australia] "The story is beautifully and sympathetically written, so that the young ones are not overwhelmed with big words, especially if they try to read it themselves. The illustrations by Sarah Shaw are perfect, and complements the story in their simplicity. If you have an inquisitive young child or two, then they will love this book." ~ Lynn Worton HONEY THE HERO by Emlyn Chand (Illustrated by Sarah Shaw) Evolved Publishing brings you the first of the charming and colorful "Bird Brain Books" series. This children's picture book, with full color illustrations by artist Sarah Shaw, is sure to bring great fun and the joy of reading to kids 3 years old and up. [DRM-Free] NOTE FROM THE AUTHOR Have you noticed that dogs, cats, and teddy bears get all the attention in kids books? I have, and while I love these furry creatures, Ive made it my mission to give our feathered friends the spotlight they so rightly deserve. And so the "Bird Brain Books" were born. Twelve are now available (or will be soon), and who knows what the future may bring. I just cant get enough of my favorite feathery goofballs. Whats more, these books teach important lessons in entertaining, beak-sized bite: remember to say thank you when someone does something nice for you; know that who you are rather than what you look like is what makes you special; appreciate love, friendship, and beauty wherever you can find it; and enjoy the simple bliss of being a kid. I love to chirp about my books with anyone who will listen, and have special sections on my website for readers, parents, teachers, librarians, and more. My pet Sun Conure, Ducky, also writes a weekly blog just for kids. Discover the Full Bird Brain Books Series Honey the Hero Davey the Detective Poppy the Proud Tommy Goes Trick-or-Treating Courtney Saves Christmas Vicky Finds a Valentine Izzy the Inventor Ricky the Runt Larry the Lonely Sammy Steals the Show Polly Wants to be a Pirate Ruby to the Rescue Kurzbeschreibung Smart Books for Smart Kids (Loving Birds Helps Too) - For Kids 3-8 Years Old FINALIST: Eric Hoffer Awards - 2013 - Children's Books Honey, an inquisitive, young parakeet living in the Australian Outback, decides to become a superhero after she spies a human family watching Superman.
