Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Geschichte und Ratgeber Von rickyrockt Das Buch ist anders, als die Beschreibung zu Beginn vermuten lsst. eine Junge Frau schreibt von ihren Erfahrungen auf der Strasse. Und siehe da, es ist nicht schrecklich. es ist eine Herausforderung, die durchaus gemeistert werden kann. mir gab das Buch tolle Einsichten in das Leben von Tramps,

auch wenn ich froh bin, wenigstens immer mein Fahrrad, Zelt und Schlafsack dabei gehabt zu haben.

KurzbeschreibungWhen her plush and comfy life suddenly and unexpectedly fell apart, Brooke and her dog, Cloud, set out to defy the odds. She put on a knapsack, and they started walking. She was able to navigate her way through challenges and obstacles, getting odd jobs along the way, and hopping freight trains as a main mode of transport, when one day she awoke in the forest, looked around the jungle of homemade shelters, and realized she had become a hobo and would ultimately come to know exactly what it means to survive. This self-help, memoir, survival guide is designed to help hobos not only make it through the day, but to come to love and enjoy every blessed moment of this feral life. Whether youre on the road for the first time, or youre just wondering what this underground railroad of street kid life is all about, do not read this book. You might be disappointed. Side effects include: nausea, loss of sleep, rogue thoughts of escaping the cubicle, and other various inappropriate behaviors. This message will self-destruct.

ber den Autor und weitere Mitwirkende Brooke Willett has been writing since she could hold a chubby crayon. She got her start singing into an upside-down plastic hairbrush, wearing a yellow dress and oversized sunglasses, to an audience of American Dolls, My Little Pony, and a Raggedy Ann. She got her first big break when she realized she did not understand the world, so she set out in search of answers. Shes got railroad in her blood. Both Brookes biological father and maternal grandfather were lifelong conductors.
