I Love the book's title, and I have given it to a ton of my friends as a joke gift. It is a good book too!

KurzbeschreibungIts fun, its easy, and its rewarding. There is nothing quite like a harvest of Dungeness crabs to set the tone for a perfect shoreline feast. Charlie White, with Nelson Deweys clever illustrations, shows how beginners and experienced crabbers alike can benefit from his decades of experience. Whether you use crab traps or the traditional shoreline, low-tide hunt to bag your quota, this book will aid the cause.KurzbeschreibungIts fun, its easy, and its rewarding.
