Hollingsworth IIIThis book has been extremely helpful in honing my artistic skills. If you have a true passion for art, and can't afford the formalized training, this book is ideal for you. The author has a unique ability to effectively instruct the reader. I would highly recommend this book to anyone who has a desire to perfect his or her drawing skills. If you're a begginner, this book can't be beat.0 von 0 Kunden fanden die folgende Rezension hilfreich. This is a GREAT BookVon Charles BensonThis book was written

with me in mind. I am a beginning amateur artist who wanted to learn more about drawing. The instructions in this book took me from drawing basic shapes, through shading to sketching full compositions. It even goes beyond drawing to introducing acrylics and washes. Even the simplest procedure is gone over in detail so I never felt lost on how I was to get from one set to the next. Don't be fooled by the price. This is a complete reference book that I use more than other books that have cost three times more.
