**Von Merrie Destefano, Michael Butkus : How to Draw Zombies: Discover the secrets to drawing, painting, and illustrating the undead (Fantasy Underground)** before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Draw Zombies: Discover the secrets to drawing, painting, and illustrating the undead (Fantasy Underground):

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. sehr inspirierendes Buch / really inspiringVon CleopatraIch habe mir dieses Buch neulich bestellt und bin doch sehr zufrieden damit. Es ist ein Zeichenbuch, erklrt werden Techniken fr Bleistift, Farbe, und auch digitaler Grafik. Es enthlt einige Schritt fr Schritt erklrte Projekte zum nachmachen, aber dass war nicht mein Kaufgrund, es ging mir eher

zum einen um die Technik, zum anderen ist es eine enorme inspiration, wenn man Zombies malen will aber nicht weiß wie man am besten anfngt. Vom Bildnerischen knnen her, muss man schon zumindest die Grundlagen des menschenzeichnens beherrschen, um mit dem Buch etwas anfangen zu knnen, also nichts fr blutige Anfnger. Dinge, wie Komposition, Dynamik und hnliches werden in manchen Projekten miterklrt bzw. der Hauptfokus liegt darauf. Was ich mir noch gewnscht htte, wren Abbildungen, von echten Leichen, verrotteten Haut/Fleischpartien und hnliches, gewesen.-----I recently bought this book, and I am very satisfied with it. The different drawing/painting projects/tutorials are explained step by step, drawing and painting techniques are explained, and some projects are focused on dynamics, composition contrast etc. (for those who need it)For me the reason to buy it was, that I wanted to draw zombies but didn't really know how to start and for this it was really inspiring, and helpful.If you are a beginner this is not for you because you already have to have some painting/drawing skills to use this book.

**Kurzbeschreibung**From the pages of great literature to Hollywood movies, zombies are appearing everywhere. Now aspiring artists can bring them to life, so to speak, by learning to render them with pencil, paint, and digital image-editing software. This comprehensive book gets into all the gory details, such as creating bloodshot eyes, forming robust brows, and imitating the look of pale, dead flesh. How to Draw Zombies also features 15 step-by-step projects that guide artists from initial sketches to finished works of art, including a Voodoo Queen, a gothic zombie, and even a zombie romance.
