This is a country guidebook like no other, because Thailand has attractions like no other country, and possibilities that no other publication covers. Unlike its competitors, this book not only comprehensively advises on how to enjoy the nightlife and the bar girls for what they are, but also how to consider and approach relationships with any of the 25 million OTHER women in Thailand who DO NOT work in bars. Furthermore, while many books resort to generalizations about Thai women, I teach you the dos and donts concerning EVERY TYPE OF GIRL in Thailand for EVERY TYPE OF GUY visiting Thailand. Even if youve lived in Thailand for years and think youve got it just about covered, this book is likely to open up some interesting avenues of thought for you. Maybe youre thinking about opening a business in Thailand and wondering why no other book is available to tell you how. My book covers the topic in depth. Once you are in-the-know, youll have twice as good a time as the average guy would, and for half of the money when it comes to EVERYTHING. Youll also earn so much more respect from Thai women and Thai people in the process. This book does not encourage what is wrong, bad or illegal; it encourages only fair play and respect for the people of Thailand and their ways. *** Anyone who buys this book can email the author with a couple
