Von Anthony Metivier : How to Learn and Memorize German Vocabulary: Using Memory Palaces Specifically Designed For The German Language (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Learn and Memorize German Vocabulary: Using Memory Palaces Specifically Designed For The German Language (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. interesting method of learning vocabularyVon CustomerAfter just reading the book i can say that this magnetic memory method is great, not only to learn vocabulary but to seperate it to definitions, recall it etc., great stuff, worth

the money.0 von 0 Kunden fanden die folgende Rezension hilfreich. ein ausgezeichnetes Buch Von Olivier Rebiere Anthony Metivier gibt uns eine brillante Demonstration seiner Methode, um den Wortschatz der deutschen Sprache zu assimilieren. Ich bin ihm dankbar.

Kurzbeschreibung If you've ever wanted to improve your ability to learn and memorize German vocabulary by 100% ... 200% ... 300% (or more) using simple skills you can learn in under an hour (or less), then this second edition of How to Learn and Memorize German Vocabulary may be the most important book you will ever read. Believe it or not, it doesn't matter if you have a good memory or not. The information in this book will teach you: * Why memory techniques are like a bicycle everyone can ride (with some minor personal adjustments). * The real reason why no one should ever be squeamish about memorization or learning a language. * Why and how some of the most famous memory skills are applicable to learning any language, especially German. * How to create a 26 letter location memory system based on the alphabet English speakers share with the Germans. * Sample examples that will show you exactly how and why these memory techniques and strategies work. * Unique approaches that will have you literally tuning in on the German language so that you can memorize its vocabulary and recall it with ease. * How to use actors, other public figures and famous pieces of artwork to help you memorize German vocabulary. * How to separate German words in the most effective manner for memorization and recall. * A simple strategy for memorizing the male, neuter and feminine genders (a process that some people consider the ultimate nightmare of language learning.) * A list of resources, including the secret to finding the absolute best dictionary to use when learning and memorizing German vocabulary. * How having a larger vocabulary will fill your travel in German-speaking countries (Germany, Austria and Switzerland) with greater freedom to explore and enjoy the sights and culture. * ... and much, much more! These techniques have been used by real language learners, most of whom previously considered themselves owners of a bad memory to make real strides in acquiring German. Dont worry! None of these techniques are rocket science. Frankly, if you can memorize a short email address or the name of a movie, then you can use this system to memorize a language as rich and diverse as German. Plus, everything you'll learn in this book applies to every other language that shares the same alphabet with English. And with a little imagination, the ideas are easily transferable to other alphabet systems. But theres really no time to lose. Every day that you are not using this simple vocabulary memorization system, you are literally stealing from yourself the joy of reading, speaking and knowing German as you easily expand the natural abilities of your mind.
