Meist beschränken sich die Autoren aber auf die Reiseberichte. Bei diesem Buch gefällt mir besonders die Phase vor der eigentlichen Reise. Der Autor beschreibt sehr gut seine Ängste und wie er diesen begegnet: "Kann ich einfach meinen Job kündigen und nach dieser langen Reise wieder einen Job bekommen?" "Was werden die Leute denken?", etc. Für jeden, der wirklich mal "aus der Box" aussteigen und andere reiche Erfahrungen machen will, dem empfehle ich dieses wunderbare Buch!

Kurzbeschreibung Do you love traveling? Do you dream about exploring Central South America with all its vivid colors, exotic scents, joyous people and fascinating nature? Sure you do. While many people share this dream only few actually follow their passion to the fullest. Too big are the own limitations and worries to actually dare the adventure of traveling extensively. Fortunately there are people who prove that long-term travel is possible for most people in the Western world. One of them is Lars Wanderlust. In his book "How to Quit Your Job and Travel" he describes from his own experiences: How to overcome your fears and worries What you need for making your decision What backpacking is all about What you will be faced with on your travel How to prepare yourself to stay healthy and safe How to re-integrate after your trip Kurzbeschreibung Do you love traveling?
