KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Short and to the pointVon mar_lunaI liked this book quite a lot. Has useful tips for writing, presenting, and software for organizing your writing. Also, the author recommends additional material and gives an overview of what is good, or not so good, about it. I would say as a first step it is recommended. there is a great deal of literature out there for PhD students, so it can be quite difficult to find your way around it and not spend money on useless books. I also recommend the author's blog - The Thesis Whisperer.0 von 0 Kunden fanden die folgende Rezension hilfreich. GREAT BOOKVon Christoph BrodnikGreat Book to get some insights into main PHD issues! Would definitely

recommend it no current PhD Students and future ones!
