KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Nur bedingt zu empfehlenVon -KundeLeider behandelt das Buch manche Abschnitte zu oberflächlich und andere Themen sind schlechtweg falsch, bzw. auf einem Stand vor 2012.Dies betrifft vor allem die Einreise (sobald ein Visum anders

als nur das Touristenvisum vorliegt, bekommen Einreisende automatisch ihre Residentcard am Flughafen Narita/Haneda berreicht) und die Handyvertrge. So lohnt es sich bei Letzterem eben NICHT zu Docomo und Co zu gehen, sondern im Internet oder in greren Yodobashi Camera nach gnstigeren Anbietern zu gucken (etwa u-mobile).Andere Empfehlungen sind mit etwas Vorsicht/Recherche abzuwgen (etwa Mbelkauf via Craigslist; meistens ist da das jap. inkl Anlieferung gleich teuer).Insgesamt bringt das Buch einen guten berblick, den man jedoch teilweise verdchtig hnlich bei bekannten Blogs wie[...] finden kann... da scheint die Autorin auch so manchen Tipp herzuhaben.Kaufempfehlung eher fr Personen, die sich bisher wenig mit dem Umzug nach Japan beschftigt haben.
