Really helpful book!Von CustomerThat book is a really helpful guide in writing your thesis.The language used and advices given are straight to the point and practical - as opposed to many many other books out there.Strong buy

recommendation, it helped me a whole lot.

KurzbeschreibungHow to write a Master's Thesis fast: practical productivity tips for students is easily digestible and practical guide for students who want to write their Master's Thesis in an efficient way.The guide tackles the most common problems students have during the process, including:- How to come up with the topic for Master's Thesis?- How to make constant progress?- How to get literature and primary data for the thesis?- How to structure the thesis and what should be included?All the above questions are answered in a no-nonsense style and the tips are very practical.The advice in the ebook is based on the authors own experience in writing 2 Master's Theses for himself, but many writers (for example Tim Ferriss) and effective business leaders use similar methods to get things done.To help implementing the tips, at the end of the guide there are workbooks/examples covering the following topics:- Choosing the topic- An example of a Thesis schedule- An example of an email you can use to cold contact organizations for interviews- An example of a Thesis outline
