**Von Fred Van Lente : Hulk Season One** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hulk Season One:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Early Hulk revisitedVon BorisIt has been tried several times to retell the origin of Marvel super heroes in a modern up to date way. The first trial was by John Byrne in 1998 ("Chapter One") which was a disaster. Two years later the same project (Ultimate Spider-Man) created the Ultimate line of books and made unknown Bendis a super star. And now we

have "Season One". Now this is the Hulk book with writer Fred Van Lente and artist Tom Fowler. I can tell you, it is a good story, in some ways true to the original approach of the early 60s, in other ways really a contemporary story (mild **\*\*SPOILERS\*\*** from here on) with a Rick Jones much more at odds with the law, a Betty Ross that is not a 60s girl and Daddy's daughter but a tough head of military police of Gamma Base and a Bruce Banner who has all this history that had not been given to him but in the 90s when these father abuse issues were elaborated. Van Lente tells the story in a complex way with some parallel strings of action and packs in one of the earliest adversaries of the Hulk and a Thunderbolt Ross who is just Thunderbolt Ross. An appearance of Monica Rappaccini is an ironic reference to Van Lente's own Marvel work. What I really have a problem with is Marvel's price policy. The book contains about 100 pages of original material plus a reprint of "Incredible Hulk" #1 (the 2011 one by Jason Aaron). This would match a hardcover reprint of 5 normal issues. For this the price is rather high. But because of the quality of the story and the art this should not keep you from buying this book if you want to read an excellent Hulk origin story told in an ambitious contemporary way. Something could spin out of this in ongoing Hulk plots.

Kurzbeschreibung See the beginnings of the green goliath for a new generation! This is the definitive origin of the Hulk -- as well as Betty Ross, now Red She-Hulk; and General "Thunderbolt" Ross, now the avenging Red Hulk! Plus: Gamma Base, Rick Jones and the introduction of a new Hulk villain that will continue to haunt both him and his alter ego, Dr. Bruce Banner, in present continuity!
