are only going to read one biography this year - read this one Von Dell Walker Normally, I am a bit wary about reading biographies about people who are little more than children. Not in this case. Malala has experienced more in her short life than most of us would experience in three lifetimes - and being shot by terrorists is only a small part of it. This is the story of the bravery and refusal to be silenced, not only of Malala herself but also of all her family and friends. Malala fully deserves all the media attention she has received of late and should be getting much more support from private and, especially governmental establishments and organizations. Rock on girl. You have got my full support. 10 von 10 Kunden fanden die folgende Rezension hilfreich. I am Malala Von Manfred Bruckert Ein bewegendes Buch! Man muss sich als literarischer Mensch richtig schämen, weil erst eine junge Frau der Welt zeigen muss und zeigt, was in ihr verkehrt läuft. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Zum Englisch lernen prima Von Ygryega aber der Inhalt wird doch recht schnell fade. Die Geschichte ist traurig aber textlich wiederholt sich alles nach kurzer Zeit.

Kurzbeschreibung 'Malala is an inspiration to girls and women all over the world.' - J.K. Rowling Written by Malala in collaboration with critically acclaimed author, Patricia McCormick, this children's edition tells the remarkable story of a girl who knew from a young age that she wanted to change the world - and did. Her journey will open your eyes to another world and will make you believe in hope, truth, miracles, and the determination of one person to inspire change. Raised in a once-peaceful area of Pakistan transformed by terrorism, Malala was taught to stand up for what she believes. So she fought for her right to be educated. And on 9 October, 2012, she nearly lost her life for the cause. She was shot point-blank on her way home from school. No one expected her to survive. Now, she is an international symbol of peaceful protest and the youngest-ever Nobel Peace Prize winner. This book is a must-read for anyone who believes in the power of change.
