Von Naomi Haber : I Didn't Kill Jesus (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised I Didn't Kill Jesus (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. Beeindruckende LebenslinieVon Hanna z.Dieses Buch bietet 3 Generationen an ins Gesprch zu kommen. Naomi Haber hat es verstanden einen Bogen zu spannen ber einen bewegten Zeitraum. Groeltern , Eltern und Kinder sollten das Buch lesen und gemeinsam ber ihr Erfahrungen und Erlebnisse aus dieser Zeit berichten. Dieses Buch wre bestens

geeignet für Schüler der Oberstufe und wird hoffentlich bald ins Deutsche übersetzt.

Kurzbeschreibung Naomi Haber was born during the 1960s in Germany to a Jewish father, a survivor of eight concentration camps, and a German Christian mother who converted to Judaism when they married. Their marriage would defy convention and popular opinion. Their children would grow up in a nation that had only barely begun to deal with the genocide they had perpetrated some two decades earlier. Naomi grew up in the small town of Straubing, Germany and she was raised as a German Jewish girl in a country anxious, uncertain, and all too eager to forget its fresh and treacherous history. In grade school, Haber was surrounded by classmates who weren't accepting of Jewish history or culture. Neither textbooks nor history classes would venture to discuss the Nazis and their annihilation of world Jewry. Nazis, Nazi sympathizers, and Germans who hated the Jews lived all around us, writes Haber. Wanting acceptance, Haber would leave Germany at age sixteen to work on a kibbutz in Israel. Two years later, she would marry and settle in the United States. Eventually, she would remarry and make her way through this new country while still tending to the wounds of the old world. A cohesive story told from the viewpoint of a child of a survivor, *I Didn't Kill Jesus* is a narrative that will draw readers into its lived history. Haber's is a tale of survival through generations, of family love, and of the consequences it brings.

ber den Autor und weitere Mitwirkende Naomi Haber was born in Germany to a Jewish father, a survivor of eight concentration camps, and a German Christian mother who converted to Judaism when they married. Naomi was raised in the small town of Straubing, Germany and lived on a kibbutz in Israel for two years before moving to the United States in 1979. She frequently speaks at high school and community groups about her experiences growing up as a second generation Holocaust survivor, and about bullying. She is married with three grown children and resides in Rockland County NY with her husband. This is her first book.
