Hammertime, or what?Von Jens SchriwerTo everyone, who expects this to be some weird action fantasy stuff about a girl with rabbit ears hunting giants with a huge Germanic myth-style war-hammer: It is not! And you may very well be disappointed with this!Unless of course, you can enjoy a drama story about an outsider girl, whose defiant behaviour causes her problems in school with teachers and bullies alike. She is determined and frenetic with the idea, that she is going to be a giantkiller and therefore does have nothing to fear - but she fears a lot of things, in fact. Most of all the demons, that haunt her own home.It indeed IS a good comic book, a very good one. Witty, profound and well told.And - in the end - there will be 'hammertime', a giant problem and the great battle.It was not exactly, what I

expected it to be and yet it fascinated me.0 von 0 Kunden fanden die folgende Rezension hilfreich. WunderbarVon LarsEine sehr schne Parabel auf den Umgang mit schweren Zeiten. I Kill Giants hat mich sehr berrascht, da es jenseits der naiv wirkenden Grundstory viel Tiefsinniges zu bieten hat. Absolute Empfehlung!
