Von Harry Robin : I, Morgain (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised I, Morgain (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Morgaine's Diary Von Ein Kunde Short book, if you are a fan of Morgaine you will enjoy this short and not too deep story, from her perspective. Easy reading with some interesting insights

Kurzbeschreibung Morgain was King Arthurs half-sister. She is resentful of her half brother because he does not want to share power with her. Willful in her actions against Arthur, she becomes the lover of many knights, but none of them was as cherished as her first lover, Merlin. Because Morgain seduces her half-brother, and because she indulges in explicit lascivious acts with Guineveres brother, she becomes banished from the royal court. Harry Robin is a master in describing the complex character of Morgain, which comes alive, fully-blown, alongside the other famous characters populating the long-standing Arthurian legends.

Kurzbeschreibung Morgain was King Arthurs half-sister. She is resentful of her half brother because he does not want to share power with her. Willful in her actions against Arthur, she becomes the lover of many knights, but none of them was as cherished as her first lover, Merlin. Harry Robin is a master in describing the complex character of Morgain, which comes alive, fully-blown, alongside the other famous characters populating the long-standing Arthurian legends.

Synopsis Six years after her life had ended, Morgain, King Arthur's half-sister, was subjected to unremitting calumny by the 'recorders of Arthurian History', beginning with Geoffrey of Monmouth and Sir Thomas Malory. For them and subsequent writers, Morgain was the thorn in Arthur's career, invariably described as sorceress, a troublemaker, envious and evil: in short, as a woman of less than one dimension. Geoffrey and Malory wrote to entertain noblemen and the high clergy, who appreciated the implicit approval and encouragement of their status as men.
